CAREER OBJECTIVE

To begin my career as a Full Stack Developer where I can apply my knowledge of React.js, Node.js, Express.js, and MongoDB to build efficient and user-friendly web applications. I am eager to learn new technologies, enhance my technical skills, and contribute to the success of the organization while growing as a software professional.

EDUCATION

Bhakta Kavi Narsinh Mehta University

03 2023 – 03 2026

Bachelor of Computer Application - **CGPA - 7.5**

Bhacha, Gujarat

vavrda primary school

HSC - **Percentage - 50.23%**

vavrda, Gujarat

TECHNICAL SKILLS

Web Technologies: HTML, CSS, Tailwindcss, JavaScript(ES6+), react js

Developers Tools: Git, Github

Programming Language : Python, JavaScript(ES6+)

Databases: SQL, postgresql

PROJECTS

1. Library Management System |

Technologies: React.js, Node.js, Express.js, postgresql, Tailwind CSS

- Developed a complete Library Management System for managing books, members, and borrowing records.
- Built a cart and wishlist system with localStorage, quantity controls, order IDs, and live navbar updates. Implemented user authentication and role-based access control for Admin and Users.
- Built CRUD operations for book management, including add, update, delete, and search functionality..
- Designed book issue and return modules with due date tracking and status management.
- Developed a responsive Library Management System using React.js, Tailwind CSS, and REST APIs with book search and filtering functionality.

ACHIEVEMENT

Finalist among 100+ participants in BKNMU University Hackathon

Secured 3rd rank in "Coding Event competition at college

HOBBIES & INTERESTS

- Playing cricket and teaching friends
- Learning new technologies and problem-solving
- listening music and watching anime and webseries
